

§945.52 the committee shall require information and evidence as to the manner, methods, and timing of such shipments as safeguards against the entry of any such potatoes into trade channels other than those for which intended. Such information and evidence shall include the requirements set forth below with respect to Certificates of Privilege.

§ 945.121 Qualification.

Before handling potatoes for special purposes which do not meet regulations issued pursuant to §945.52 a handler must qualify with the committee to handle shipments for special purposes. To qualify he must (a) apply for and receive a Certificate of Privilege indicating his intent to so handle potatoes; (b) agree to comply with reporting and other requirements set forth in §§945.121 to 945.125, inclusive, with respect to such shipments; and (c) receive approval of the committee, or its duly authorized agents, to so handle potatoes. Such approval will be based upon evidence furnished in his application for a Certificate of Privilege, and other information available to the committee.

§ 945.122 Application.

(a) Application for a Certificate of Privilege shall be made on forms furnished by the committee. Each application may contain, but need not be limited to, the name and address of the handler; the quantity by grade, size, quality and variety of the potatoes to be shipped; the mode of transportation; the consignee; the destination; the purpose for which the potatoes are to be used; a certification to the United States Department of Agriculture and to the committee as to the truthfulness of the information shown thereon; and any other appropriate information or documents deemed necessary by the committee or its duly authorized agents for the purpose stated in §945.120.

(b) The committee may require each handler making shipments of potatoes for export to include with his application a copy of the Department of Commerce Shipper's Export Declaration Form No. 7525-V applicable to such shipment.

§ 945.123 Approval.

The committee or its duly authorized agents shall give prompt consideration to each application for a Certificate of Privilege. Approval of an application, based upon a determination as to whether the information contained therein and other information available to the committee supports approval, shall be evidenced by the issuance of a Certificate of Privilege to the applicant. Each certificate shall cover a specified period, and specified qualities and quantities of potatoes to be sold or transported to the designated consignee for the purposes declared.

§ 945.124 Reports.

Each handler of potatoes shipping under Certificates of Privilege shall supply the committee with reports as requested by the committee or its duly authorized agents showing the name and address of the shipper; the car or truck identification; the loading point; destination; consignee; the inspection certificate number when inspection is required; and any other information deemed necessary by the committee.

§ 945.125 Disqualification.

The committee from time to time may conduct surveys of handling of potatoes for special purposes requiring Certificates of Privilege to determine whether handlers are complying with the requirements and regulations applicable to such certificates. Whenever the committee finds that a handler or consignee is failing to comply with requirements and regulations applicable to handling of potatoes in special outlets, and requiring such certificates, a Certificate or Certificates of Privilege issued such handler may be rescinded and further certificates denied. Such disqualification shall apply to, and not exceed, a reasonable period of time as determined by the committee but in no event shall it extend beyond the end of the succeeding fiscal period. Any handler who has a certificate rescinded or denied may appeal to the committee in writing for reconsideration of his disqualification.
